

Do You Know Ira Orner

Why he is the working man's candidate from Oakland, for Sheriff of Shawnee County.

He has made his way just as you have, Voter, by hard work and square dealings.

He is asking the support of just such men as you—men who believe in a square deal all around.

You have never heard Ira Orner knock a man running against him have you?

You have not heard the other fellow knock on him have you?

Then He's the Man for Sheriff

Our Home Candidate for the Supreme Bench

Our fellow townsman, Judge J. S. West, is a candidate for Justice of the Supreme Court. He does not print his picture because he does not want to make the other candidates envious, and then, too, Tom McNeal once said that he was not good looking. However, Judge West has lived here a good many years as assistant attorney general under A. A. Godard, and also under C. C. Coleman and resigned to become assistant United States attorney. He has lived 41 years in Kansas, has had 28 years experience in the law, including several years as district judge.

He has an old fashioned notion that the supreme bench requires, hard, careful and courageous work, and a most careful study of the record and briefs, and that all litigants ought to look alike to the court. The First Congressional District has not had even ONE of the SEVEN justices for FOURTEEN years, though two other districts are smart enough to have two each.

After waiting as long as Jacob worked to get Rachel, it may be fair to allow this district a representative on the supreme bench.

John S. Dawson

of HILL CITY

Republican Candidate for

Attorney General

Presents his most respectful compliments to the readers of the Journal; and promises, if elected, to give the state the same fidelity, zeal and service always rendered by an honorable lawyer to his private clients.

BOY IS BITTEN BY A BURRO.

Dog Supposed to Have Been Rabid Had Been in Vicinity.

Robinson, Kan., July 23.—Oakley Kendall, the 11-year-old son of Fred Kendall of Irving township, was bitten by a pet burro and the animal had to

be killed before it would let loose its hold. A dog supposed to be mad had gone through that vicinity a short time before and had bitten several dogs and it is supposed bit the burro, too.

On the day the burro attacked the boy a dog belonging to Elijah Muncie became mad and had to be killed and it was thought the burro was affected

the same. Fortunately the burro bit the boy at the knee. His front teeth closed over the leg and the rear teeth were far enough back so that they did not close over the flesh and the flesh was not broken at all. Mr. Kendall and son hastened to Topeka where the boy was given proper treatment and it is thought that nothing serious will result.

DIED ON EVE OF HIS WEDDING.

Union Pacific Master Mechanic to Be Buried in Junction City.

Junction City, Kan., July 23.—R. H. McConnell, master mechanic of the Union Pacific, who was located here until two months ago, died at the company hospital in Kansas City, as the result of the bursting of a blood vessel in his brain, due to his being overheated. Mr. McConnell, who left here two months ago, to take a position with the Union Pacific at Ellis, was to have been married yesterday to Miss Lucile Young of this city. The wedding was to have taken place at the home of the bride's sister in Manhattan.

Mr. McConnell was taken sick Tuesday night at Ellis, and four physicians called in, but could make nothing of the case. Wednesday, he was taken to the hospital, where he died. Mr. McConnell was a member of the local Masonic and Elks lodges. The body will be brought to this city for burial.

More Paralysis Near Lawrence. Lawrence, Kan., July 23.—Douglas county now has its second case of infantile paralysis. The sufferer is the 14-month-old daughter of Mr. and Mrs. George Hilderbrand, residing at Still, a few miles east of here, and the case was reported to the state health authorities today. A strict quarantine is being maintained.

SAY FRIEND, DO IT NOW

Make up your mind to vote for

John M. Wright

FOR

County Treasurer

on August 2nd next. REMEMBER, if he does not get to see YOU personally, it is because he is at work attending to his duties at the court house.

BUT you are invited to the party just the same

Come along, bring your vote with you and put one over RIGHT for WRIGHT.

**The time is August 2, 1910
The Place is Shawnee County
The man is John M. Wright**

Why Has Simon "Made Good" as Judge of the Court of Topeka

E. R. SIMON
Candidate for County Attorney

Was It An Accident? Hardly!

"It was because he went into that position with a thorough legal training after eight years of patient study and work in law with a solid foundation upon which to build a reputation as judge and lawyer."

For the truth of the above statement the State Journal readers are referred at his suggestion to Chief Justice W. A. Johnston of the Kansas Supreme court with whom Mr. Simon worked for four years.

Studied Law in a Law Office

Judge Simon studied law with the firm of Garver & Larimer of this city for two years, was admitted to the bar in 1900, assisted the members of that firm with their smaller cases and legal papers.

Continues Training Under Attorney-General 2 Years

Not wishing to be a **Half Baked Lawyer** he accepted the position as stenographer to the attorney general which afforded splendid opportunities to further fit himself as a lawyer.

4 Years Under Chief Justice Johnston

In 1902 he became stenographer and private secretary to Chief Justice W. A. Johnston of the Kansas Supreme Court. Worked there four years. His work was this: Looking up legal decisions to determine rule of law applicable to the cases before the court for decision; looking up all legal points bearing on the case to be decided; preparing synopsis of testimony bearing on points at issue.

How This Experience Helped Him

He observed the manner in which the judges decide cases; learned how to cull out the important facts; to get down to the real point at issue; how to apply the law to the disputed point; how to reach a just conclusion.

This is just the kind of work a lawyer does when a client calls at his office for advice.

A Graduate of Washburn Law School

While with Judge Johnston, Simon entered the Washburn Law School and by working in vacations and nights, completed the full three years course and was graduated with the degree of LL.B.

Appointed Member of Faculty of Law School

Recognizing his legal ability immediately upon his graduation, he was elected a member of the faculty of the law school, to lecture on the subjects of "Torts," one of the heavy courses.

Practiced Law First Six Years Before Elected Judge

Mr. Simon tried his first case, *Diven vs. Smith*, in the court of Topeka, Sept. 1900. He had cases in the court of Topeka, legal matters in the probate court and district courts of Shawnee and Franklin county. He handled the usual legal office business such as preparing wills, contracts, examining abstracts, giving legal advice and preparing briefs for out of town lawyers.

Now Voters

Don't you think the experience and training acquired by Mr. Simon during his eight years of study and work in the law, was of greater value than what would be derived from the cheap hand to mouth, practice which falls to the ordinary young lawyer during the first six years of his practice the usual "starving period?"

And Don't You Think

That Simon's success as Judge of the court of Topeka is due to the fact that he had a thorough fundamental training in law.

Simon Will Make You An Efficient County Attorney
